

SAMSKIP

Worldwide Logistics

**samskip**  
LOGISTICS

> Samskip is a European leading logistic service provider offering transport, forwarding and related services by land, sea, rail, barge and air. Since being founded in Iceland in 1990, we established a network of Samskip offices covering five continents.

**Who We Are**

Samskip is one of the largest European container transport companies offering global logistics and forwarding in five continents and multimodal container logistics by short sea shipping and rail throughout Europe.

**Multimodal Solutions**

Samskip's multimodal transport network spans all of Europe, the Baltic States, Russia and Central Asia. By offering an optimal combination of short sea, road, rail and barge services Samskip is able to deliver a reliable, sustainable and cost effective transport solution.

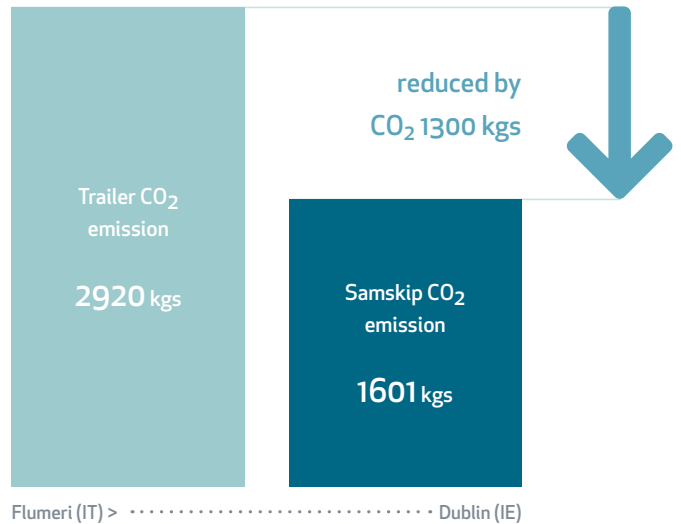

**Door-to-Door Solutions**

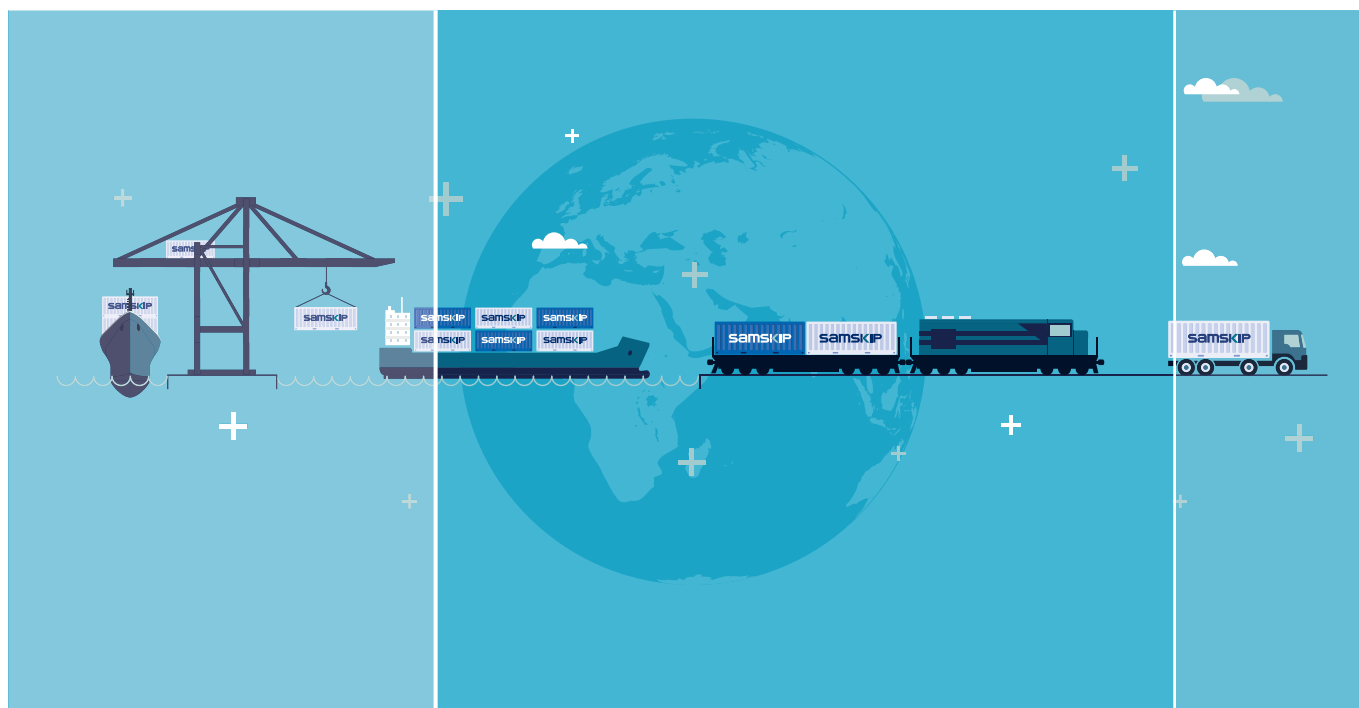

Our door-to-door service integrates collection, shipment and delivery into a seamless transport solution. Experienced staff and modern equipment ensure that the cargo is delivered as agreed, while the customer has a single point of contact for the entire transport chain.

**Sustainable Transport**

Samskip is committed to delivering sustainable transport solutions. By efficiently combining the different transport modes, Samskip and its customers successfully take mileage off Europe's busy road network.

Samskip aims to protect and preserve the environment. We are determined to operate in such a way that conserves nature and minimises disruption of the ecosystem.

> The type of industry often determines the type of transport solution needed. We offer customized transport solutions for each industry.

#### Forwarding Solutions

Samskip offices in 5 continents are connected via our GFS operational software to inform you in real time about the status of your orders. Orders we manage to ship cost effectively through global procurement with all major carriers.

Our most valuable asset, however, remains our experienced team supplying you a personal service from door to door. Our service range includes ocean freight, air freight, road and rail transport.

#### Food Logistic Solutions

Today it is taken for granted that a global source of fresh food will be readily available on supermarket shelves or the restaurant table. With more advanced freezing and cooling capabilities, we have come to expect a vast array of exotic produce to be shipped and available all year round.

With over 20 years of experience in foodstuff logistics, our skilled workforce have helped achieve this expectation. Keeping ahead of market trends and in touch with legislative requirements, we have provided our customers with a full range of highly reliable but flexible transport options.

#### Project & Breakbulk Solutions

Profound knowledge and long lasting experience enables Samskip Logistics to assure and realize smart and competitive logistical solutions for all kinds of breakbulk and project cargo. Besides regular sailings within Europe as well as from Europe to Russia and Central Asia, we also offer full end-to-end transport solutions including pre- and oncarriage.

#### Warehousing Solutions

Samskip offers 3PL and 4PL warehousing solutions specialized in, but not limited to, food logistics. Our fully owned cold stores operate under the name of frigoCare and the core activities are trawler unloading, container reception, border inspection, sorting, palletizing and repacking various refrigerated food products under EU license.

#### Reefer Chartering Solutions

With an owned fleet of up to 20 specialized high quality reefer vessels and great knowledge of local terms and regulations in the North Atlantic, we are able to offer you the best transport solutions and a highly flexible and hands-on service.
